

Bachelor of Science of Civil Engineering (BSCE) at SUNY Polytechnic Institute

Adjunct Faculty Position

The Civil Engineering program at SUNY Polytechnic Institute (formerly SUNY Institute of Technology), Utica, NY, seeks applications for an adjunct faculty position in the fall semester of 2015 to teach CE 302 Transportation Engineering (an introductory course). Other potential courses include CE 420 Traffic Engineering, CE 421 Highway Engineering (a design based course) and the Capstone Design courses CE 480 & CE 481.

Minimum qualifications for the adjunct position include a BS in Civil Engineering, a PE license and 15 years of experience in discipline, or an MS in Civil Engineering and a P.E. license. Ph.D. in Civil Engineering or a related field is highly desired.

If interested, please send your curriculum vitae or resume to Dr. Andrew Wolfe electronically at wolfea@sunyit.edu. Should you have any questions please don't hesitate to contact Dr. Wolfe at (315) 792-7234.
